Live representatives are on call 24/7, and we guarantee an in-person meeting within 2 hours. Hire care giver assistance and help as needed –both long- or short- term. And, our services are diagnosis-specific to ensure the appropriate home care is provided including physical and emotional support services.

Our caregivers are rigorously screened, highly trained, and bonded.

For home care when you need it, visit **Partners24.org** or call **800-930-6353.**

*Partners24 is a service mark of Partners in Care Foundation under license by 24Hr HomeCare, an independently owned and operated home service provider. Partners in Care receives a fee from 24Hr HomeCare when a referred individual enters into an agreement with 24Hr HomeCare.

America's Physician Groups *Group Purchasing Program*

APG members receive ***10% discount*** on Partners' services.

Partners are social determinants of health specialists who excel at bridging the gap between medical care and an APG member's social service needs. We have deep experience providing in-home services, transition coaching, consulting, and medical self-management with one common goal: eliminating the non-medical barriers that prevent a person from getting the most out of their medical care.

Social Determinants of Health Planning and Consulting

We partner on the design of an effective, evidence-based program to address SDOH within your practice, including:

- Recommended interventions
- Resources
- Structure
- Workflow integration
- Job descriptions, and
- Much more

Our Contact Center

We offer a state of the art, high-tech, high-touch patient-focused contact center to support your practice with patient engagement/activation and campaign management (print, digital, telephonic) for health-related activities such as preventative health and chronic condition screenings, the annual wellness exam, and much more.

Who We Are

Partners in Care Foundation has 20 years of non-profit experience delivering programs and services protecting and supporting adults with complex health and social service's needs, frail older adults, people with disabilities, caregivers and families.
